

116TH CONGRESS  
1ST SESSION

# S. 2040

To establish a working group on electric vehicles, and for other purposes.

---

## IN THE SENATE OF THE UNITED STATES

JUNE 27, 2019

Ms. CORTEZ MASTO (for herself, Ms. STABENOW, Ms. SMITH, Mr. WYDEN, Mrs. GILLIBRAND, Ms. HIRONO, and Mr. MERKLEY) introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

---

## A BILL

To establish a working group on electric vehicles, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Electric Transpor-  
5       tation Commission and National Strategy Act”.

6       **SEC. 2. ELECTRIC VEHICLE WORKING GROUP.**

7       (a) ESTABLISHMENT OF WORKING GROUP.—

8           (1) IN GENERAL.—Not later than 180 days  
9       after the date of enactment of this Act, the Sec-  
10       retary of Transportation and the Secretary of En-

1       ergy (referred to in this section as the “Secre-  
2       taries”) shall jointly establish a working group (re-  
3       ferred to in this section as the “working group”) to  
4       make recommendations on the development, adop-  
5       tion, and integration of electric vehicles into the  
6       transportation and energy systems of the United  
7       States.

## 8 (2) MEMBERSHIP.—

16 (I) not more than 6 shall be Fed-  
17 eral stakeholders as described in sub-  
18 paragraph (B); and

19 (II) not more than 19 shall be  
20 non-Federal stakeholders as described  
21 in subparagraph (C).

22 (B) FEDERAL STAKEHOLDERS.—The  
23 working group

(I) the Department of Transport

2 tation;

3 (II) the Department of Energy;

### (III) the Environmental Protec-

5 tion Agency; and

6 (IV) the General Services Admin-

<sup>7</sup> *id.* at 10; see also *id.* at 11 (“The registration; and

(ii) may include a representative of  
any other Federal agency the Secretaries  
consider to be appropriate.

11 (C) NON-FEDERAL STAKEHOLDERS.—The

12 working group—

15 (I) a manufacturer of electric ve-  
16 hicles or the relevant components of  
17 electric vehicles;

(II) an owner, operator, or manufacturer of electric vehicle charging equipment:

<sup>21</sup> (III) the public utility industry:

22 (IV) a public utility regulator or  
23 association of public utility regulators;

(V) the transportation fueling distribution industry;

1 (VI) the energy provider industry;

2 (VII) the automotive dealing industry;

3 (VIII) the passenger transportation industry;

4 (IX) an organization representing a unit of local government;

5 (X) a regional transportation or planning agency;

6 (XI) an organization representing State departments of transportation;

7 (XII) an organization representing State departments of energy or State energy planners;

8 (XIII) an expert in intelligent transportation systems and technologies;

9 (XIV) organized labor;

10 (XV) the trucking industry;

11 (XVI) Tribal governments; and

12 (XVII) the property development industry; and

(ii) may include a representative of any other non-Federal stakeholder that the Secretaries consider to be appropriate.

### (3) MEETINGS.—

(A) IN GENERAL.—The working group shall meet not less frequently than once every 120 days.

(B) REMOTE PARTICIPATION.—A member of the working group may participate in a meeting of the working group via teleconference or similar means.

12 (b) REPORT AND STRATEGY ON ELECTRIC VEHICLE  
13 ADOPTION, OPPORTUNITIES, AND CHALLENGES.—

14                   (1) IN GENERAL.—The working group shall  
15 submit to Congress by each of the deadlines de-  
16 scribed in paragraph (2)—

21 (i) a description of the barriers and  
22 opportunities to scaling up electric vehicle  
23 adoption nationwide, including issues relat-  
24 ing to—

(I) consumer behavior:

(II) charging infrastructure needs, including standardization;

(III) manufacturing and battery costs;

5 (IV) the adoption of electric vehicles for low- and moderate-income individuals and underserved communities, including charging infrastructure access and vehicle purchase financing;

6

7

8

9

10

11 (V) business models for charging  
12 electric vehicles outside the home;

(VI) charging infrastructure permitting and regulatory issues;

(VII) cybersecurity of charging infrastructure;

(VIII) secondary markets and re-cycling for batteries;

(IX) grid integration;

(X) energy storage; and

(XI) specific regional or local issues that—

(aa) are associated with—

(AA) the issues de-

2 scribed in subclauses (I)

3 through (X); or

4 (BB) urban or rural en-

5 environments; and

(bb) may not appear nation-

wide, but hamper a nationwide

<sup>8</sup> adoption or coordination of elec-

(ii) examples of successful public and

## 11 private models and demonstration projects

that encourage electric vehicle adoption;

13 and

(iii) an analysis of current efforts to

15 overcome the barriers described in clause

16 (i); and

(B) a strategy that describes how the Fed-

18 eral Government, States, units of local govern-

19                   ment, and industry can—

(i) overcome the barriers described in

21 subparagraph (A)(i);

(ii) identify areas of opportunity in re-

23 search and development to improve battery

manufacturing, mineral mining, recycling

1 costs, material recovery, and battery per-  
2 formance for electric vehicles;

3 (iii) enhance Federal interagency co-  
4 ordination to promote electric vehicle adop-  
5 tion;

6 (iv) promote electric vehicle knowledge  
7 and expertise within State and local gov-  
8 ernments;

9 (v) prepare the workforce for the  
10 adoption of electric vehicles, including  
11 through collaboration with labor unions,  
12 colleges and other educational institutions,  
13 and relevant manufacturers;

14 (vi) expand electric vehicle and charg-  
15 ing infrastructure—

16 (I) knowledge and use among  
17 Federal, State, and local governments,  
18 school districts, and private entities;  
19 and

20 (II) adoption among the fleets of  
21 the entities described in subclause (I);

22 (vii) expand knowledge of the benefits  
23 of electric vehicles among the general pub-  
24 lic;

(viii) maintain the global competitiveness of the United States in the electric vehicle and charging infrastructure markets;

(ix) provide clarity in regulations to improve national uniformity with respect to electric vehicles; and

(x) ensure the sustainable integration of electric vehicles into the national electric grid.

(2) DEADLINES.—A report under paragraph

(1) shall be submitted by—

(A) for the first report, not later than 1 year after the date on which the working group is established under subsection (a)(1);

(B) for the second report, not later than 2 years after the date on which the first report is required to be submitted under subparagraph (A); and

(C) for the third report, not later than 2 years after the date on which the second report is required to be submitted under subparagraph (B).

(c) ELECTRIC VEHICLE RESOURCE GUIDE.—

(1) IN GENERAL.—The working group shall develop, publish, and update a resource guide to pro-

1 vide information to increase knowledge about electric  
2 vehicles and necessary charging infrastructure for  
3 consumers, State, local, and Tribal governments (in-  
4 cluding transit agencies or authorities, public tolling  
5 authorities, metropolitan planning organizations,  
6 public utility commissions, and public service compa-  
7 nies), and businesses that sell motor vehicles.

8 (2) INCLUSIONS.—A resource guide under para-  
9 graph (1) shall include—

10 (A) information on—

11 (i) the general characteristics of elec-  
12 tric vehicles (including passenger vehicles,  
13 electric vehicles for public transportation,  
14 school buses, and electric vehicles for com-  
15 mercial use); and

16 (ii) the types of charging solutions  
17 available to consumers, including, to the  
18 maximum extent practicable, a digitally ac-  
19 cessible compilation of existing mapping of  
20 publicly available charging stations in the  
21 United States;

22 (B) information on electrifying business  
23 and government vehicle fleets;

24 (C) information on Federal grant pro-  
25 grams available to State and local governments

1           for the purchase of electric vehicles for public  
2           transportation;

3           (D) a description of current financial and  
4           nonfinancial incentives for electric vehicles; and

5           (E) any other information that—

6               (i) a representative of industry or  
7               State or local government requests to be  
8               included; and

9               (ii) the working group determines to  
10              be appropriate.

11           (3) USE OF EXISTING GUIDES.—In developing,  
12           publishing, and maintaining the resource guide  
13           under paragraph (1), the working group shall con-  
14           sider existing Federal, State, local, private sector,  
15           and academic guides relating to electric vehicles and,  
16           to the maximum extent practicable, coordinate with  
17           the entities publishing those guides—

18               (A) to prevent duplication of efforts by the  
19               Federal Government; and

20               (B) to leverage existing complementary ef-  
21               forts.

22           (4) RESOURCE GUIDE OUTREACH.—The work-  
23           ing group shall conduct outreach to consumers,  
24           State, local, and Tribal governments (including tran-  
25           sit agencies or authorities, public tolling authorities,

1 metropolitan planning organizations, public utility  
2 commissions, and public service companies), and  
3 businesses that sell motor vehicles via the internet,  
4 social media, and other methods—

5 (A) to provide the resource guide under  
6 paragraph (1) to interested stakeholders, in-  
7 cluding relevant consumer groups and transpor-  
8 tation-related organizations;

9 (B) to promote the use of electric vehicles  
10 in both government and industry fleets; and

11 (C) to educate individuals involved in the  
12 sale of motor vehicles about the benefits of elec-  
13 tric vehicles.

14 (5) SUBSEQUENT RESOURCE GUIDES.—Not less  
15 frequently than every 2 years for the duration of the  
16 working group, the working group shall publish an  
17 update to the resource guide under paragraph (1),  
18 as appropriate based on technological innovation and  
19 subsequent information.

20 (6) ACCESSIBILITY.—The Secretaries shall each  
21 maintain the resource guide under paragraph (1) on  
22 a designated website, which may be an existing  
23 website, of each Secretary relating to electric vehi-  
24 cles.

1       (d) COORDINATION.—To the maximum extent prac-  
2   ticable, the Secretaries and the working group shall carry  
3   out this section using all available existing resources,  
4   websites, and databases of Federal agencies, such as the  
5   Alternative Fuels Data Center.

6       (e) FUNDING.—The Secretaries shall carry out this  
7   section using existing funds made available to the Secre-  
8   taries and not otherwise obligated.

9       (f) TERMINATION.—The working group shall termi-  
10   nate on the date on which the third report under sub-  
11   section (b) is submitted.
